

Regulations for Participation in the Workshop

1. General Information

1.1. The workshop entitled “*Bisulfite DNA Pyrosequencing Workshop*” (hereinafter referred to as the “Workshop”) is dedicated for PhD students, scientists and laboratory professionals interested in DNA methylation analyses.

1.2. The workshop takes place at the Institute of Human Genetics Polish Academy of Sciences, Strzeszyńska 32, Poznań, Poland.

1.3. The Workshop is an intensive three-day educational program combining lectures, practical laboratory sessions, discussion panels, and networking activities.

2. Participation

2.1. The number of participants is limited.

2.2. Participants will be accepted according to the order of submitted applications.

2.3. Registration is completed by submitting the application form.

3. Participation Fee

3.1. The participation fee for the Workshop is 100 EUR. The invoice for participation fee will be sent by e-mail according to the information provided in the registration form.

3.2. Members of the isMOCLEP are exempt from the participation fee and may attend the Workshop free of charge.

3.3. The participation fee covers access to all lectures, laboratory sessions, workshop materials, networking activities, city trip, and get-together dinner.

4. Certificates

4.1. Participants who successfully complete the Workshop will receive a certificate recognizing the knowledge and practical skills acquired during the program.

5. Organizational Matters

5.1. Participants are expected to follow all laboratory safety regulations and instructions provided by the organizers and instructors during practical sessions.

5.2. The organizers reserve the right to make minor changes to the Workshop program if necessary due to organizational or technical reasons.
